Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. I have never returned, although I am using hard work as a carpenter. There was no operation, no lost time, no trouble, have nothing to sell, but will give full information about how you may get a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 45-12 Macdougal Avenue, Manhattan, N. Y. I enclose cut out this notice and show it to any other who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.
